

DIGITAL SAFETY CHARTER

STUDENTS

I will look after the school's digital equipment

I will move safely around the computer rooms in the school

I will only use safe internet sites and apps on my iPad

I will use technology to communicate with other students in a positive way

I will let an adult know if I don't feel safe online

I will only use the schools WiFi when I am using my iPad at school

I will avoid using my iPad for gaming

I will avoid talking to strangers online

I will only record or take photos of someone with their permission

I will not change or bypass the school settings on my iPad

I will bring my iPad and apple pencil to school every day, ready to learn and fully charged

I will only use my iPad when my teacher tells me to

I will not use my iPad during break and lunch times

I will not play games which are against my values, for example, games that promote violence and war

I will make sure that I spend more time with my family and enjoying the outdoors than on screens.

DUTY BEARERS

I will ensure that the internet has safety restrictions for children

I will teach children about internet safety in a responsible way

I will help all children to stay safe when using technology

I will restrict the use of gaming which promotes violence and war

I will teach children how to use technology to help them learn

I will monitor how children use their iPad

I will encourage children to pursue alternative activities

I will ask children questions about how they are using the internet and what apps and games they are using

I will ensure that the whole school community is aware of online safety
